| <p><b>Luscious® Royale Red Zone™</b><br/>The Royale lantanas have a more compact, upright habit than the other lantana families making them great filler plants. Luscious® Royale Red Zone™ Lantana boasts a profuse and continuous display of large clusters of small red flowers mixed with a bit of orange and yellow. Has a nice compact mounding habit and is certified sterile. Noninvasive in warm winter climates. Lantanas are heat and drought tolerant and can grow in poor soils, making them a no-fuss, easy plant to grow. Luscious® Royale Red Zone™ with its bright, show-stopping color, will bring the butterflies and hummingbirds around in droves! Try Lantanas in a hanging basket, in a mixed combo planter, or as a landscape border.<br/><b>Sunlight:</b> Full Sun (+6 hrs.)<br/><b>Attracts Wings:</b> Butterflies, Hummingbirds, Songbirds<br/><b>Critter Resistance:</b> Deer<br/><b>Flower Color:</b> Orange Shades, Red Shades, Yellow Shades<br/><b>Size:</b> 1 - 2 Feet high, 1-2 feet wide<br/><b>Water Requirements:</b> Low Water Needs, Average Water Needs<br/><b>USDA Hardiness Zone:</b> 10, 11, 9<br/><b>Attributes:</b> Drought Tolerant<br/><b>Design Use:</b> Border, Combination Containers, Container, Hanging Baskets, Massing<br/><b>Container Design:</b> Filler<br/><b>Growth Habit:</b> Mounding</p> | <p><b>Mandevilla) SUN PARASOL® XP Bluephoria™</b> Mandevilla features vintage purple blooms with a burgundy center. Its blooms are 2-3 inches in size and they stand out amongst bright green foliage. A climbing mandevilla, it can reach a maximum height of 1-2 feet and can trail or spread up to 2-3 feet creating an upright bushy habit. Plant with a vertical support system such as a trellis, wall, or obelisk, or let it trail down from a tall container or hanging basket. Its blooms will attract pollinator bees, butterflies. And hummingbirds. Performs best when planted in full sun and it can tolerate the heat of the summer. It requires regular watering but make sure to let the soil dry out between waterings. It is recommended to deadhead the spent blooms in order for it to continue to rebloom.
